Sub: Restoration for QTF for North East

Sir,

ASTO Units of Western Region met on 25th September 2021 at Ahmedabad where CWC members from Mumbai, Delhi and Dehradun were also present. Detailed discussion on various curtailed facilities pertaining to North East due to Covid-19 pandemic were held.

The house discussed that the transfers for the AT - 2020 which had been postponed were released in May- June 2021. Other facilities have also been restored. However, ASTO noted with anguish that QTF has not been restarted despite several assurances.

Sir, this special facility for North East has been going on since 1991 after the tripartite MOU for North East facilities. The QTF scheme has been revised on various occasions but has never been stopped.

Sir, all the state Governments has withdrawn all the SOPs, travelling across all cities has become normal, people are now travelling to north east without any preventive quarantine. The whole country is coming back to normal and therefore, ASTO requests that the QTF facility should also be restarted now as this is the only curtailed facility that has remained non implemented.

With warm Regards

Sham
